CoT Prompts

Not [1, 1, 1, 1]
Pruned!

Prompt Template

Evaluate this CoT prompt **{CoT Prompt}**:

Clarity: Return 1 if there is no ambiguity, otherwise return 0.

Relevance: Return 1 if the prompt is directly related to the task, otherwise return 0.

Conciseness: Return 1 if the prompt is concise, otherwise return 0.

Context: Return 1 if the prompt provides enough contextual information, otherwise return 0.

Finally, output all return values in an array format (an example output: [1, 0, 1, 1]).
